The New York republicans are not alone in taking this stand. In every eastern state where the party is in the majority it elects representatives pledged to this principle. Those who were in the territory during the years of seventies know just how Cari Schurz harassed and persecuted the miners and fermers and mechanics of Montana. He had his agents and spies all over the mountains seizing wood and timbers used for domestic and mining purposes and exacting stumpage from every miner and ranchman and woodman and saw mill proprietor who cut down a pole or tree.
